

The World Leader
In Data Elimination

HD-3WXL
High-Volume Degausser

HD-3WXL High-Volume Degausser

The HD-3WXL delivers a wish list of Garner exclusive features. Compact and automatic, the HD-3WXL, with 10,000 Gauss, 6 second charge time, and an oversized media slot will completely erase all high-coercivity hard drive and tape up to 1.7" in height.

No buttons to push, simply sliding the media into the HD-3WXL's Secure-Destruction™ chamber automatically starts the erasure process.

The HD-3WXL's Secure-Destruction verification system will not release the media out the exit slide unless the HD-3WXL's built-in field verification system confirms complete erasure and destruction of the data.

At the completion of a successful degauss cycle, the media is automatically released down the exit slide.

The HD-3WXL includes a SCAN-1 scanner and software package to create an audit-worthy media destruction report as you degauss.

Secure and Compliant

The HD-3WXL will help you satisfy the most stringent government and industry standards, including:

- **California Senate Bill 1386**
- **DOD** Up to Secret Classification
- **GDPR** (General Data Protection Regulation)
- **GLBA** (Gramm-Leach-Bliley Act)
- **HIPAA** (Health Information Portability and Accountability Act)
- **IRS 1075**
- **NIST SP 800-88r1**
- **PCI DSS 3.2** (Payment Card Industry Data Security Standard)
- **PIPEDA** (Personal Information Protection and Electronic Documents Act)

IRONCLAD® Verification

Add IRONCLAD Erasure Verification System. IRONCLAD captures a JPG image of the degaussed media and automatically generates a certificate of erasure and destruction, including the crush depth of the PD-5. (Patent pending)

HD-3WXL Features

- High-speed, high-volume, continuous duty degausser
- Erases up to 3,600 (1.8 in.), 1,440 (2.5 in.), and 360 (3.5 in.) hard drives per hour
- Complete erasure in 6 seconds
- Generates 10,000+ Gauss (1 Tesla) magnetic field for complete erasure of hard drives and tape
- Automatic operation, sliding media into the Secure-Destruction™ chamber activates erasure process
- Secure-Destruction™ verification system will not release media unless complete erasure and destruction of data has been verified
- Includes SCAN-1 Media Destruction Report Software and scanner
- Oversized media slot accommodates hard drives and tape up to 1.7" in height
- Erases working and non-working hard drives
- CE certified
- Plugs into a standard wall outlet worldwide
- Portable when used with optional MIL SPEC shipping case

HD-3WXL Erasure Verification

- Built-in field verification system and on board diagnostics confirm the magnetic field strength of every erase cycle, ensuring complete erasure (standard)
- LCD display provides bar graph with numerical value to verify erasure (standard)
- SCAN-1 Media Destruction Report software and scanner. Creates a media destruction report complete with date, time, user ID, serial number and erasure verification of each degauss cycle (standard)
- Optional IRONCLAD Erasure Verification System with JPG image capture upgrade. The ultimate proof-of-erasure report with JPG images of erased hard drives

HD-3WXL Packages

Configure a system to match your needs. Pair the HD-3WXL high-volume degausser with our PD-5 NSA-listed destroyer or PD-4 NSA-listed destroyer.

Add IRONCLAD Erasure Verification System with JPG image capture. IRONCLAD automatically generates a certificate of erasure and destruction with a JPG image of each degaussed hard drive.

SPECIFICATIONS	
Part Number	HD-3WXL • HD-3WXLE
Certifications/ Listings	HD-3WXLE: CE
Magnetic Field	1 Tesla (10,000 Gauss) nominal
Erasure Verification	SCAN-1 standard IRONCLAD* optional *Patent pending
Charge Time	6 seconds (nominal)
Throughput (Hard drives per hour)	Up to 3,600 (1.8 in.) Up to 1,440 (2.5 in.) Up to 360 (3.5 in.)
Media	Hard drives: Hard drives up to 1.7 in. high including full height, standard and laptop drives Tape media: All LTO, all DLT, 3490, 9940, 3592, AIT, and others
Power	HD-3WXL: 100-130V ±5%, 50/60 Hz HD-3WXLE: 220-240V ±5%, 50/60 Hz Factory configurable
Power Consumption	During standby: 36W During charge: 300W (avg) At the time of erase: 36W
Degausser System	Capacitive discharge
Duty Cycle	Continuous
Media Slot Capacity (HxWxD)	1.7 x 4.5 x 5.9 (in.) 43.2 x 114.3 x 148.6 (mm)
Temperature	41°F - 104°F (5°C - 40°C)
Humidity	10%H - 40%H without condensation
Weight	66 lbs. (30 kg)
Size (HxWxD)	18.9 x 13.3 x 13 (in.) 480 x 338.6 x 328.9 (mm) With slide: 18.9 x 22.8 x 13 (in.) 480 x 578.1 x 328.9 (mm)
Warranty	HD-3WXL: One-year manufacturer's limited warranty standard, optional three-year limited warranty available HD-3WXLE: One-year manufacturer's limited warranty standard Scanner: Ninety-day manufacturer's limited warranty
Made in U.S.A.	By Garner Products, Inc.

Note: Hard drives and some tapes are not reusable after being degaussed.
