

The World Leader
In Data Destruction

DATA ELIMINATOR

HD-3XTL
High-Volume Degausser

3-Second Degausser

Fast, high-volume, workhorse. In only 3 seconds, the HD-3XTL degausser, with 10,000 gauss, will completely erase all data from any hard drive or tape that fits into its oversized media slot.

Why it's so FAST:

1. Inserting the media into the media slot automatically initiates the degauss cycle.
2. Three seconds later, the media is degaussed.
3. Saving precious time, *pre-charging* begins immediately as the degaussed media is released down the slide.
4. Turning off the HD-3XTL releases any pre-charged energy for safe storage.

Regulatory Compliance

The HD-3XTL will help you satisfy the most stringent government and industry standards requiring complete erasure of sensitive data prior to disposal, including:

- **CCPA** (California Consumer Privacy Act)
- **DoD** Up to Secret Classification
- **GDPR** (General Data Protection Regulation)
- **GLBA** (Gramm-Leach-Bliley Act)
- **HIPAA** (Health Information Portability and Accountability Act)
- **IRS 1075**
- **NIST SP 800-88r1**
- **PCI DSS 3.2** (Payment Card Industry Data Security Standard)
- **PIPEDA** (Personal Information Protection and Electronic Documents Act)
- **TAA** compliant

Features and Benefits

- » Erases up to 4,500 (1.8 in* or 2.5* in) and 450 standard and full height hard drives per hour
- » Generates 10,000+ gauss (1 tesla) magnetic field for complete erasure of hard drives and tape
- » Complete data erasure in 3 seconds
- » Continuous duty — no cool down between cycles required
- » Plugs into a standard wall outlet worldwide

* Bundled stacks

Safety Certifications

Garner's products are independently tested to stringent worldwide safety standards. Our resulting certifications and listings identify Garner products as safe to operate in data centers, hospitals, offices, and other sensitive environments around the world.

Garner's products are: ETL Listed • UL, IEC, CSA, CE and RCM certified • FCC compliant.

Erase Verification

Built-in field verification checker: On-board diagnostics confirms the magnetic field strength of every erase cycle, ensuring complete erasure every time.

LCD display: Provides the numerical value of gauss field strength to verify erasure, as well as cycle count, job count and diagnostics.

SCAN-1X Media Destruction Report software and scanner voucher included: Creates media destruction reports with date, time, user ID, serial number and verification of each cycle.

IRONCLAD Integrated Auditing System (optional): Create the ultimate proof-of-erasure and destruction reports with JPG Images of the media after it is degaussed.

Serial No.: 97879-778
Incident No.: 01
Date/Time: 2019-04-01 15:02:27
Degaussed: 10500 G (PASS)
Destroyed: PD-5: 22 mm SSD: No
User ID: 1123
Witness ID: N/A

Packages

Configure a system to match your needs. Pair the HD-3XTL high-volume degausser with our PD-5 NSA Listed physical destroyer. Complete your destruction work station by adding our custom built cart, case, or workstation table.

Our cases and carts are designed to give you field mobility in every type of situation from the office to the battlefield. Our workstation table is lightweight and features a locking cabinet for storing media.

Data Eliminator Cart Package (RCC-35SSD IRONCLAD with optional bins)

Degauss, Destroy, Recycle Workstation package (DDR-35SSD IRONCLAD)

Degauss, Destroy Mobility Package (DDM-35SSD)

Optional Accessories

IRONCLAD Erasure Verification System

Recycle Bins

Media Bins

CASE-HD3S MIL SPEC Shipping Case

"Degaussed" Labels

SPECIFICATIONS	
Ordering Information	HD-3XTL: North America HD-3XTLA: LATAM HD-3XTLE: APAC, EMEA
Certifications/Listings	ETL Listed • ETL Listed • UL, IEC, CSA, CE and RCM certified • FCC and TAA compliant
Magnetic Field	1 tesla (10,000 gauss) nominal
Erasure Verification	SCAN-1X voucher included IRONCLAD optional
Complete Erasure	3 seconds (nominal)
Throughput (Hard drives per hour)	Up to 4,500 (1.8 in.)* Up to 4,500 (2.5 in.)* Up to 450 (3.5 in.)
Media	Hard drives: Laptop, standard, and network drives ¹ up to 1.7 in. in height Tape media: All LTO, all DLT, 3490, 9940, 3592, AIT, and others
Power Requirement	90-250VAC ±5%, 50/60 Hz
Power Consumption	During standby: 53W During charge: 188W (avg) At the time of erase: 53W
Degausser System	Capacitive discharge
Duty Cycle	Continuous
Media Slot Capacity (HxWxD)	1.7 x 4.5 x 5.9 (in.) 43.2 x 114.3 x 148.6 (mm)
Temperature	41°F - 104°F (5°C - 40°C)
Humidity	10%H - 40%H without condensation
Weight	59 lbs. (27 kg)
Size (HxWxD)	18.9 x 13.3 x 13 (in.) 480 x 338.6 x 328.9 (mm) With slide: 18.9 x 22.8 x 13 (in.) 480 x 578.1 x 328.9 (mm)
Warranty	HD-3XTL: One-year manufacturer's limited warranty standard, optional three-year limited warranty available HD-3XTLA • HD-3XTLE: One-year manufacturer's limited warranty standard Scanner: Ninety-day manufacturer's limited warranty
Made in the USA	By Garner Products, Inc.

¹ All mounting hardware must be removed prior to degaussing.

* Bundle up to 10 - 1.8" and 2.5" drives depending on drive dimensions.

Note: Hard drives and some tapes are not reusable after being degaussed.
